

Abaqus

Regional User Meeting

November 26

Daniel Hotel, <http://www.tamareshotels.co.il/daniel/>
Herzlia

Make Plans to Attend!

Dear Colleague,

I'm pleased to announce the first Abaqus User's Meeting in Israel to be held at Daniel Hotel, Herzlia on November 26.

The conference provides a unique forum to learn how Abaqus users in industry and academia are applying the latest simulation technology and methods. Attendees will also discover new capabilities and future strategies of Abaqus and SIMULIA, provide input on future software enhancements, explore complementary partner solutions and network with other users to share experiences and new ideas.

Agenda Topics:

SIMULIA Business and Strategy Update
Abaqus Version 6.7 - Current and Extended Functionality <ul style="list-style-type: none">Eulerian-Lagrangian approach for FSINew architecture for high-performance linear dynamicsAdvanced capabilities for composites simulation and nonlinear materials modelingA new intuitive and highly customizable user interface for accelerated model building and results visualization New interfaces for CAD associativity
Get Closer to Reality with SIMULIA Multiphysics
Tools and Techniques: Focus on Advancements in Abaqus/CAE
Simulation Lifecycle Management - Securing Simulation IP
Composite Enhancements in Abaqus Version 6.7
User Presentation: Patient Specific FEM in the Clinical Environment Eran Peleg, Hadassah University Hospital

Preliminary agenda and registration information are available at

<http://www.adcomsim.co.il/november26agenda.htm>
